The Prosperity Factor For Women

LEARN OVER LUNCH

Bring your lunch and we'll provide the lesson!

"I wish I had taken this course 20 years ago. Now, I am starting to realize how much my thoughts and beliefs about money have held me back. Kelley has the courage to help me to challenge my beliefs so that I can dispose of the ones that hold me back and develop new, healthier ones that will carry me to a wealthier future."

- Helene Walker
Civil Engineer

Presented by the author of *The Prosperity Factor for Women; a fun, practical guide to the psychology of money*, Kelley Keehn will help you:

- learn how to attract and retain money
- eliminate the guilt you feel about having, spending and saving money
- learn the power of your self talk
- banish worry and discover your path to wealth
- uncover the relationship between "self worth" and "net worth"
- find out about the multi-million-dollar machine that you own free and clear
- learn the "five account power system" – a banking system that will revolutionize how you save and spend money
- discover proven strategies for building a new set of beliefs about money, which will bring you new financial outcomes
